EDUCATION

Dec 2011 Stanford's University [Human-Computer Interaction](#) online course.

Fall 2010 Vadym Hetman Kyiv National Economic University (KNEU), Credit-economic faculty (Bachelor's Degree).

EXPERIENCE

Wimdu UI/UX designer

04.2014—Present Since May 2014 I am a part of Wimdu's creative team. Recently I've been working on a concept for an upcoming Wimdu iOS app. I take care of all things design - starting from ideation and validation of assumptions by conducting user testings, to design and production. I challenge myself daily by setting high goals and achieving them.

Waymate Web and Mobile UI designer

09.2012—04.2014 At [Waymate](#), as a part of UX/UI team, I was designing multi-modal travel platform. I was involved in product development, creating design interactions, prototyping, wireframing and implementing graphic solutions for both Web and Mobile apps.

Vicman Ukraine**UI designer**

07.2011—09.2012

I was hired as a part of User Interface design team in order to implement graphic solutions and interface design, wireframing, prototyping and assisting dev and test teams on my daily basis.

BC Favorit**Web designer**

10.2008—06.2011

I was creating web design and HTML/CSS code for internal projects.

Gvardiya Post**Compositing and video designer**

08.2007—05.2008

I got my first serious experience as a designer in post-production company, doing 2D video effects, commercial editing, tracking and video retouching for such clients as Suzuki, Samsung, Nemiroff, Nokia, VAB, Utel, Gortchitsa and others.

PROFICIENCY**Skills & Personal qualities**

I am a confident team player with good communication & presentation skills. I learn new techniques rapidly and challenge myself daily, and what's more important I'm passionate about what I do. I'm an easy-going and positive person. In my spare time I love playing tennis, learning languages, snuggling my cat and watching pug videos.
